Dear Rebecca,

On behalf of our patrons and staff we are very pleased to accept the donation of legal research and reference materials for Killingly Public Library. We are pleased to see some NOLO Press books in the choice as they have been a standard for us and many other libraries for many years. We look forward to collaborating with the law Librarians of New England in the future. My Assistant Director has enclosed a list of NOLO materials we are trying to purchase. If you have any knowledge as to how we could get our hands on these at a reasonable price, don't hesitate to contact me. Again, thanks for your generous donation.

Sincerely,

Peter F. Ciparelli
Library Director
